## **Thank you for choosing Foothill Transit!**

We're pleased to be able to provide you with a high quality, award-winning and environmentally sound public transportation alternative for your commuting needs. Did you know that by choosing public transportation over your car, you are improving the quality of life of all Southern Californians? It's true. Each person on one of our buses is one less car on the road, which means safer streets and cleaner air, especially since 100% of our fleet is now running on compressed natural gas or electricity.

**Everyone at Foothill Transit is committed to providing you with a safe, reliable and enjoyable commute.** With 370 buses running on 39 lines around the San Gabriel and Pomona Valleys, and Los Angeles, Foothill Transit offers you flexibility that fits your travel needs. Just ask the over 14 million people who choose Foothill Transit every year.

The spring 2017 Bus Book celebrates our 28<sup>th</sup> year of serving the transit needs of the San Gabriel and Pomona Valleys. If you are new to public transportation and Foothill Transit, welcome aboard! **Schedule and Map Updates** – We have made schedule adjustments to improve service on the following lines: 178, 187, 190, 194, 270, 280, 481, 493, 495, 690, and the Silver Streak.

In addition, Lines 187, 270, 269, 281, 480, 486, and the Silver Streak will have minor stop changes due to various city construction projects.

Line 185 will now serve the Industry City Hall on weekday evenings. Weekend service will remain the same.

Line 187 will no longer make a stop inside the Sierra Madre Villa Station. Line 187 will stop just outside the station on Foothill Blvd., on the corner of Sierra Madre Villa Ave.

Sign up for Rider Alerts at [foothilltransit.org](http://foothilltransit.org) for up-to-date information about the lines you ride.

**Time Points** – We have removed some of the time points in the schedules for Lines 187 and 690. Both lines will continue to serve all bus stops. However, some stops will no longer be listed as time points on our timetables, allowing the buses more flexibility with traffic. Use the Trip Planner on [foothilltransit.org](http://foothilltransit.org) or call 1-800-RIDE-INFO (743-3463) to find the estimated time of arrival for any stop that isn't a time point.
