

NEXTRIP is a FREE service (text, data or air-time charges may apply) designed to help you take the guesswork out of bus arrival and departure times. NEXTRIP will help you find out in real-time where your bus is or if there is an alert on the route. It works by using satellite technology to find the specific location of a bus; it then sends the estimated arrival time of the bus to a particular stop via cell phone, website or other mobile device.

We have shortened the bus stop numbers to make using NEXTRIP by even easier! If you have been using an eight-digit bus stop number to get NEXTRIP information by text or phone, please visit foothilltransit.org/nextrip to find the five-digit bus stop number at your bus stop.

Using NEXTRIP

You can access NEXTRIP on your computer, laptop, tablet or smartphone by visiting our website (foothilltransit.org – you will find NEXTRIP accessible on the home page and schedule pages), on your landline or cell phone by calling **1-800-RIDE-INFO (743-3463)**, or on your cell phone by texting to **41411**. Be sure to have your desired location and Foothill Transit Line number ready when accessing NEXTRIP. You'll receive the estimated time of arrival of your bus in real-time!

Web or Smartphone

Visit foothilltransit.org on your web enabled device and click on the NEXTRIP link on the homepage. Then, select your desired Foothill Transit Line and bus stop location. Within a few seconds you will receive your real-time arrival information for your desired bus. NEXTRIP information can also be found on our schedule pages on the website.

Call

Call **1-800-RIDE-INFO (743-3463)** and select the "NEXTRIP" option by pressing number 3. Once you are instructed to, say or enter your bus stop number.
