Zone 2 and below EZ transit pass	Silver Streak*	\$1.25

* Between Montclair and El Monte Station

** In the Silver2Silver corridor from El Monte Station to Los Angeles

Foothill Transit Day Pass The Foothill Transit day pass is only available for purchase when you board the bus at the farebox. Day Passes can only be purchased on board the bus and require a TAP card. The Day Pass is valid on the day of activation through 3 a.m. the following morning. It is accepted on local lines and the Silver Streak. Adult and student day passes are \$5 and seniors, persons with disabilities, and Medicare day passes are \$2.50.

NEW Transferring to Other Agencies – Beginning Sunday, July 15th

All transfers to Metro or any other LA County transit agency will be automatic with your TAP card. Simply board the bus and pay your fare, then when you board the second (non-Foothill Transit) bus or rail within two and a half hours the transfer fare will be automatically deducted. Adult and student transfers are \$0.50 and seniors, persons with disabilities, and Medicare transfers are \$0.25. **TAP cards are required to transfer to other agencies in LA County.** This change does not affect transfers to OCTA or Omnitrans. Ask your bus operator to purchase a paper transfer to transfer to those lines. Transfers purchased on Foothill Transit buses ARE NOT valid on Foothill Transit buses.

Monthly passes, day passes, and transfers from Omnitrans and OCTA are accepted as one Adult Local Fare at the following stops: Towne/Marketplace, Indian Hill/Holt, Montclair Transit Center, Pomona Transit Center, Beach/La Habra, and Brea Mall.

Transferring to Metro Rail? Gates at Metro Rail stations only accept TAP transfers. Single use TAP transfers for the Metro Gold Line are available on Lines 185, 187, 188, 270, 272, 280, 281, 284, and 690 for customers connecting to the Metro Rail. Single use TAP transfers are not valid on any bus. To request a single use TAP transfer, ask the bus operator for a "rail transfer". The one-time use, paper TAP card will only be issued to cash paying customers who request a rail transfer. Unlike the regular TAP card, the single use TAP card cannot be reloaded or reused.

Metrolink Monthly passes and tickets from Metrolink are worth the local base fare of \$1.25. Metrolink fare is good for one boarding on all local lines. See chart above for the upcharge cost when transferring to Silver Streak. Metrolink passes and tickets are NOT accepted on Commuter Express service.
