Welcome!

Thank you for choosing Foothill Transit!

We’re pleased to be able to provide you with a high quality, award-winning, and environmentally sound public transportation alternative for your commuting needs. Did you know that by choosing public transportation over your car, you are improving the quality of life of all Southern Californians? It’s true. Each person on one of our buses equals one less car on the road, which means safer streets and cleaner air, especially since 100% of our fleet is now running on compressed natural gas or battery electric power which equals zero emissions.

Everyone at Foothill Transit is committed to providing you with a safe, reliable, and enjoyable commute. With 373 buses running on 37 lines around the San Gabriel and Pomona Valleys, and Los Angeles, Foothill Transit offers you flexibility that fits your travel needs. Just ask the nearly 14 million people who choose Foothill Transit every year.
